“Going forward with  
Excelerator Stock  
Master has made a  
big difference to  
our finance team, a  
good product that is  
easy to use!”

## Peter Kay, Ultraframe

This is done by a simple right click of the mouse on the field to be looked up. The search can be based on a number of fields and can also be used to create conditional criteria for the search.

# Stock Master

An easy-to-use Spreadsheet Designer is provided to create user-defined spreadsheet formats for data entry and upload to Sage. This can be used as an organisation's standard Stock Item entry form.

The Spreadsheet designer is also used to create stock items from existing spreadsheets in an ad-hoc manner or from data from other systems.

A very useful feature of the software is the ability to carry out mass updates of specified Stock records such as costing, pricing, preferred supplier.

Stock Master Excelerator® is considered to be the interactive Stock Creation and Maintenance software
